Nicolls announces December Program

From Ron Nicolls:

• I have been asked to talk about using "Layers" in PHOTOSHOP. I will show how I convert a color picture into a B&W using "Channel Mixer" and then paint part of it back to color. Also I will show the use of a "Graduated Filter" in PHOTOSHOP.

• For the second part of the program you (Steve Paulson) could show how you used layers to produce a "HDR", like that picture with the clouds. Steve has said he will be glad to do this.

December 2006

A Note from Curt

Hi All

I got this e-mail and thought I'd forward it to all of you. Bob Rude is the N4C 2nd VP and incharge of finding judging clubs for next year. This is a different approach and hopefully it will work out.

Judging N4C prints or slides is a good experience and a good way to see what other clubs are doing. If there is a particular class of slides or prints that you would like to judge for N4C let me know and I'll get the info together and send it to Bob. It also gives us a chance to tell them which months are not good for you to judge and it saves a lot of time sending the forms out and getting them back. Also we need to tell him if we can judge digital pictures too.

Please let me know what your wishes are and I'll forward them to Bob. **Email me @
Stoever1@aol.com**

Thanks for your time and interest.
